

The background is a dense, vibrant green foliage with small, rounded leaves. Overlaid on this is a large, lightbulb-shaped graphic. The bulb's glass part is a semi-transparent dark green, containing white text. The base of the bulb is a solid black screw-in base. The overall theme is green energy and sustainability.

Journey to the Best: Global and Chinese Growth of Green Energy

Outline

- Renewable Energy
- Data Analysis
- Summary

Renewable Energy

- Naturally replenished
- Clean energy
 - Less carbon emissions and air pollution

Renewable Energy

- Solar energy
- Geothermal energy
- Wind energy
- Tidal energy
- Wave energy
- Hydro energy

[Link to Tableau.](#)

- UN Data
 - Geothermal
 - Hydro
 - Solar electricity
 - Tide, wave and ocean electricity
 - Wind electricity
- Kaggle
 - Dams and Reservoirs
 - Global Power-Plants

Summary

- US and other countries can learn from China
- Hydro energy = most popular renewable
- Develop other sources
 - Nuclear

A decorative graphic on the left side of the slide, consisting of several concentric, semi-circular lines in shades of green and white, creating a sense of depth and movement.
